## The Park Street Foundation

---

### Pricing

This pricing is for a local Koha system installed and supported by ByWater Solutions under contract to The Park Street Foundation.

	Through December 2020	Jan 2021 – December 2022	Jan 2023 – December 2024
New System Configuration and Implementation	\$900		
Implementation Training (group of 3 new libraries)	\$600 per library for real-time virtual training		
Implementation Training (group of 2 new libraries)	\$900 per library for real-time virtual training		
Implementation Training (1 library)	\$1800 per library for real-time virtual training		
Data Migration (due when bibliographic data file is delivered for initial system loading and based on that file's record count)	\$0.08 per bibliographic record		
Annual Hosting and support (due at the beginning of each calendar year; pro-rated first year)	\$2,500	\$2,575	\$2,650

### The Fine Print

- Systems will be hosted by ByWater solutions on ByWater equipment placed in the virtual networking cloud.
- Training will be done via live webinar for each implementation group over 3-5 days.
- Each library will have a unique IP address for their public catalog which will show only their holdings and information via the web and will include the individual library's logo.
- All public catalogs will have a consistent design across nhaisLOCAL.
- Data migration will be billed based on the number of bibliographic records in your load file. Item records, authority records, patron records, and circulation records will also be loaded into the new system, but are not counted for purposes of setting the data migration fee.
- These prices do not include any development costs, none are anticipated at this time, but if additional functionality beyond what Koha currently offers is needed the cost of that development would be in addition to the listed first year costs.
- Individual libraries will not have direct contracts with ByWater Solutions and all payments will be made by libraries to the Park Street Foundation which will contract with ByWater Solutions.
- This price list was issued November 9, 2020.
